RESPONSE TO INDUSTRIAL ENERGY CONSUMER GROUP'S DATA
REQUEST NO. 1
DOCKET No. 2008-255**

October 3, 2008

IECG-01-25

- Q.** Referring to the benefits claimed on page 63, Vol. I of the Petition, please provide a cost/benefit analysis, specific to CMP's ratepayers, of all potential benefits of the line. Differentiate claimed benefits of the line that accrue to all New England ratepayers and/or all Maine ratepayers from claimed benefits of the line that accrue to CMP's ratepayers.
- A.** The requested analyses are provided in the NTA study, which is provided in Volume IX, Exhibit I-3. The scorecard model results and the rate impacts show the costs and benefits of the line solely to Maine ratepayers without considering the costs and benefits to others outside of Maine. Our regional benefits analysis, provided in section XI of our study, estimates the costs and benefits of the MPRP to the rest of New England, excluding Maine.
