

**CENTRAL MAINE POWER COMPANY
RESPONSE TO ORAL DATA REQUEST NO. 1
DOCKET No. 2008-255**

November 25, 2008

ODR-01-89

Q. Provide a copy of the log of customer (abutter) contacts.

A. There are two attachments which constitute the response to this data request.

The first attachment is a compendium of all the landowner inquiry reports that have been filed for MPRP to date. A landowner inquiry report is completed by Bernstein Shur Government Solutions whenever a contact is made with a landowner via the toll-free line, an email received via the website, or any other manner. Each report contains the date the contact was made, the nature of the inquiry and the response to the inquiry.

This attachment is voluminous and is only being provided to the PUC, OPA and their consultants. Copies will be made available to other parties upon request. Please contact debra.mills@cmpco.com via e-mail or call (207) 626-9798 to request a copy.

The second attachment is a list of people who attended one of the three public information sessions held to date, most of whom were abutting landowners. The list is in alphabetical order and is a compilation of all three sessions.
