

**CENTRAL MAINE POWER COMPANY  
SUPPLEMENTAL RESPONSE TO ORAL DATA REQUEST NO. 2  
DOCKET No. 2008-255**

**January 22, 2009**

**ODR-02-06 Supplemental**

**Q.** Please provide a visual simulation from the Henderson's home in Dixmont.

**A.** Attached is a visual simulation from Henderson's home in Dixmont.

**Response Prepared & Submitted By:**

David Dominic  
Senior Environmental Specialist  
TRC Companies, Inc.

Existing panoramic view looking southeast to west from the back deck of the Henderson residence on Garland Road in Dixmont, ME. The existing 115 kV transmission structures and conductors are slightly visible through the vegetation along the edge of the cleared portion of the ROW.

Photosimulated view of the proposed Segment 3 upgrade which includes a new 345 kV transmission corridor and an upgraded 115 kV transmission corridor. The proposed H-frame transmission structures will be screened from this viewpoint by existing vegetation.
