

**CENTRAL MAINE POWER COMPANY  
RESPONSE TO THE CITY OF SACO'S DATA REQUEST NO. 1  
DOCKET No. 2008-255**

**October 3, 2008**

**SACO-01-07**

- Q.** Provide all modeling concerning EMF, relating to any portion of the proposed lines passing through Saco.
- A.** MPRP has commissioned Exponent to model the electric and magnetic fields (EMF) associated with the operation of existing and proposed lines for representative cross sections. This modeling has begun and is expected to be completed later this month.

**Response Prepared and Submitted By:**  
William H. Bailey  
Principal Scientist and Office Director
