Docket No. 2008-255

January 20, 2010

CENTRAL MAINE POWER COMPANY and )	
PUBLIC SERVICE OF NEW HAMPSHIRE )	
Request for Certificate of Public Convenience )	CENTRAL MAINE POWER
and Necessity for the Maine Power Reliability )	COMPANY'S PROPOSED HEARING
Program Consisting of the Construction of )	SCHEDULE
Approximately 350 Miles of 345 kV and 115 kV )	
Transmission Lines ("MPRP") )	

---

Pursuant to the Procedural Order issued January 14, 2010, Central Maine Power Company (CMP or the Company) submits this proposed hearing schedule for the hearing for the above-captioned proceeding. This schedule takes into account certain scheduling constraints and preferences of CMP's witnesses; the ISO-NE and the OPA were also consulted in developing this schedule. CMP used its own time estimates to develop this schedule and understands that some adjustments may be necessary based on the time estimates contained in the Case Management Memoranda to be filed on January 25, 2010.

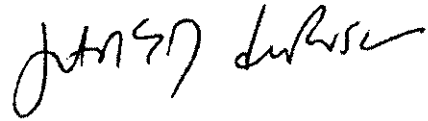

The Company proposes the following schedule:

February 2, 2010	<b>ISO-NE Transmission Planning</b> Steve Rourke, Peter Brandien and Brent Oberlin (ISO-NE)
February 2-4, 2010	<b>CMP Transmission Planning</b> David Conroy (CMP) and Rick Conant (RLC Engineering)
February 4, 2010	<b>NTA Analysis, GridSolar Economics</b> Dan Peaco and Dick Hahn (La Capra), Bob Fratto (GDS)
February 4-5, 2010	<b>MPRP Overview, Load Forecast</b> Eric Stinneford and Paul Dumais (CMP), John Davulis (GDS)
February 5, 2010	<b>GridSolar Integration</b> Brian Conroy (CMP)

- Project Management**  
Mary Smith (CMP) and Bill Allard (Burns & McDonnell)
- February 9, 2010 **Transmission Planning Overview**  
George Loehr
- EMF and Phase Optimization**  
Bill Bailey (Exponent) and Steve Walker (Power Engineers)
- Design**  
Steve Walker (Power Engineers)
- Project Cost Estimate**  
Steve Walker (Power Engineers) and Thorn Dickinson (CMP)
- February 10-11, 2010 **Bench Analysis, Staff Scenarios**  
Advisory Staff, including Mike Cannata
- February 11, 2010 **OPA Testimony**  
Peter Lanzalotta and Robert Fagan
- BHE Testimony**  
Jeffrey Fenn
- February 12, 2010 **GridSolar Proposal**  
Mark Isaacson and Rich Silkman
- CLF Testimony**  
Henry Tilghman
- IECG Testimony**  
Glenn Poole

CMP stands ready to adjust this schedule to accommodate the schedules of Staff and Intervenors, particular in the case of the Company's local witnesses. CMP understands that the ISO-NE panel has scheduling constraints that make their appearance on February 2 beneficial. CMP also requests that the testimony of Dr. Bailey be limited to February 9, 2010 in order to accommodate his travel schedule. Mr. Loehr's participation in the hearing will also be limited by his travel plans and CMP requests that his testimony be restricted to February 9, 2010 (Mr. Loehr could potentially be available on February 10 if necessity dictates).

Dated: January 20, 2010
